

### Richard Grant Curriculum Vitae:

Mr. Grant is a specialist in project management with particular emphasis on troubled project intervention, contract negotiation/enforcement, and structured methodologies. He has forty years of professional experience in project management, with a particular concentration in management information systems implementation. As a management consultant he has provided assistance and training to government entities and private sector companies in many different industries. He began his career as a programmer in the Sixties and then was a principle in several software and services companies. He joined the Big Eight in 1982 as a manager in Systems Consulting at Peat Marwick Mitchell. He moved to Deloitte Haskins and Sells in 1986 and became a partner in 1990. Since leaving Deloitte & Touche he has been in private practice. He recently spent three years as the Chief Operating Officer of Gallery Systems in New York where he managed collections management system implementations for major museums.
