Dear Tom,

Congratulations on the new ranking!

I knew it was only a matter of time before the *Wall Street Journal* recognized your program as one of the top five in the nation. It was most interesting that the article highlighted your students' collegiality and creativity – things that Cal, and you, are widely known for. I'm very pleased that you have managed to take those attributes and turn them into important aspects of a top-notch M.B.A. program.

Thank you for all you've done for me, California, and the University of California. Go Bears!

With warm regards,

A handwritten signature in black ink, appearing to read "Arnold Schwarzenegger".
